

315 of 499 deals closed (63.1% win rate); \$707,201 won revenue; Pricing is the top loss reason.

All 6 campaigns returned less revenue than spend (negative ROI). Response rates: Direct Mail 53.0%, Email 32.8%, Social 27.2%, Search Ads 25.5%, Display 22.0%, Content 19.1%.

Customer Health is built on the unified (joined) dataset: each row links CRM deals with marketing leads and support tickets per account (63,420 rows). Rankings, averages and composition are the reliable reads; the KPI sums linked-record ticket volume. 59 tickets are unresolved; avg resolution 2.5 days.
